Dedication

Because she has shown the greatest respect and concern for each individual as a unique person and because she maintains the patience and willingness to listen to any person or complaint, we, the yearbook staff, would like to dedicate the 1969 Shield to Sister Janet, our principal.

Student Council
Serving Others

McAuley's Student Council has come into its own. This organization, which has been little more than a name in recent years, has taken on the role of school leader. Under the leadership of President John Bryan, the other officers and members, and Moderator Sister Mary Russell, this years' council has progressed in more areas and activities than any in past years. The installation of officers, held on September 24, 1968, marked the beginning of this new era. These officers are, Above: Alan Schriever–Treasurer, Craig Messick–Secretary, John Bryan–President, and Gary Warden–Vice-President. This student council has served the school well.

REFLECTION
WHEN A RAY OF LIGHT FALLS UPON THE BOUNDARY OF TWO TRANSPARENT MEDIA, IT IS IN GENERAL BROKEN UP INTO TWO RAYS. THE ONE THAT IS TURNED BACK INTO THE ORIGINAL MEDIUM IS THE REFLECTED RAY. THE REFLECTED AND INCIDENT RAYS MAKE EQUAL ANGLES, WHICH ARE PERPENDICULAR BUT ON OPPOSITE SIDES AS IN A MIRROR THE RAYS ARE BOUNCED OFF THEREFORE REFLECTED
DIFFRACTION
EVEN THOUGH LIGHT TRAVELS IN STRAIGHT LINES, LIGHT ALSO BEHAVES LIKE A WAVE. LIGHT WAVES PASSING THROUGH VERY SMALL OPENINGS BEND SLIGHTLY AND THE BENDING IS MORE PRONOUNCED FOR THE DISTANT PARTS OF THE PICTURE.REFRACTION CAUSES BENDING OF LIGHT RAYS TOO, BUT ONLY WHEN LIGHT TRAVELS FROM ONE TRANSPARENT MEDIUM TO ANOTHER OF DIFFERENT DENSITY AS FROM AIR INTO GLASS.

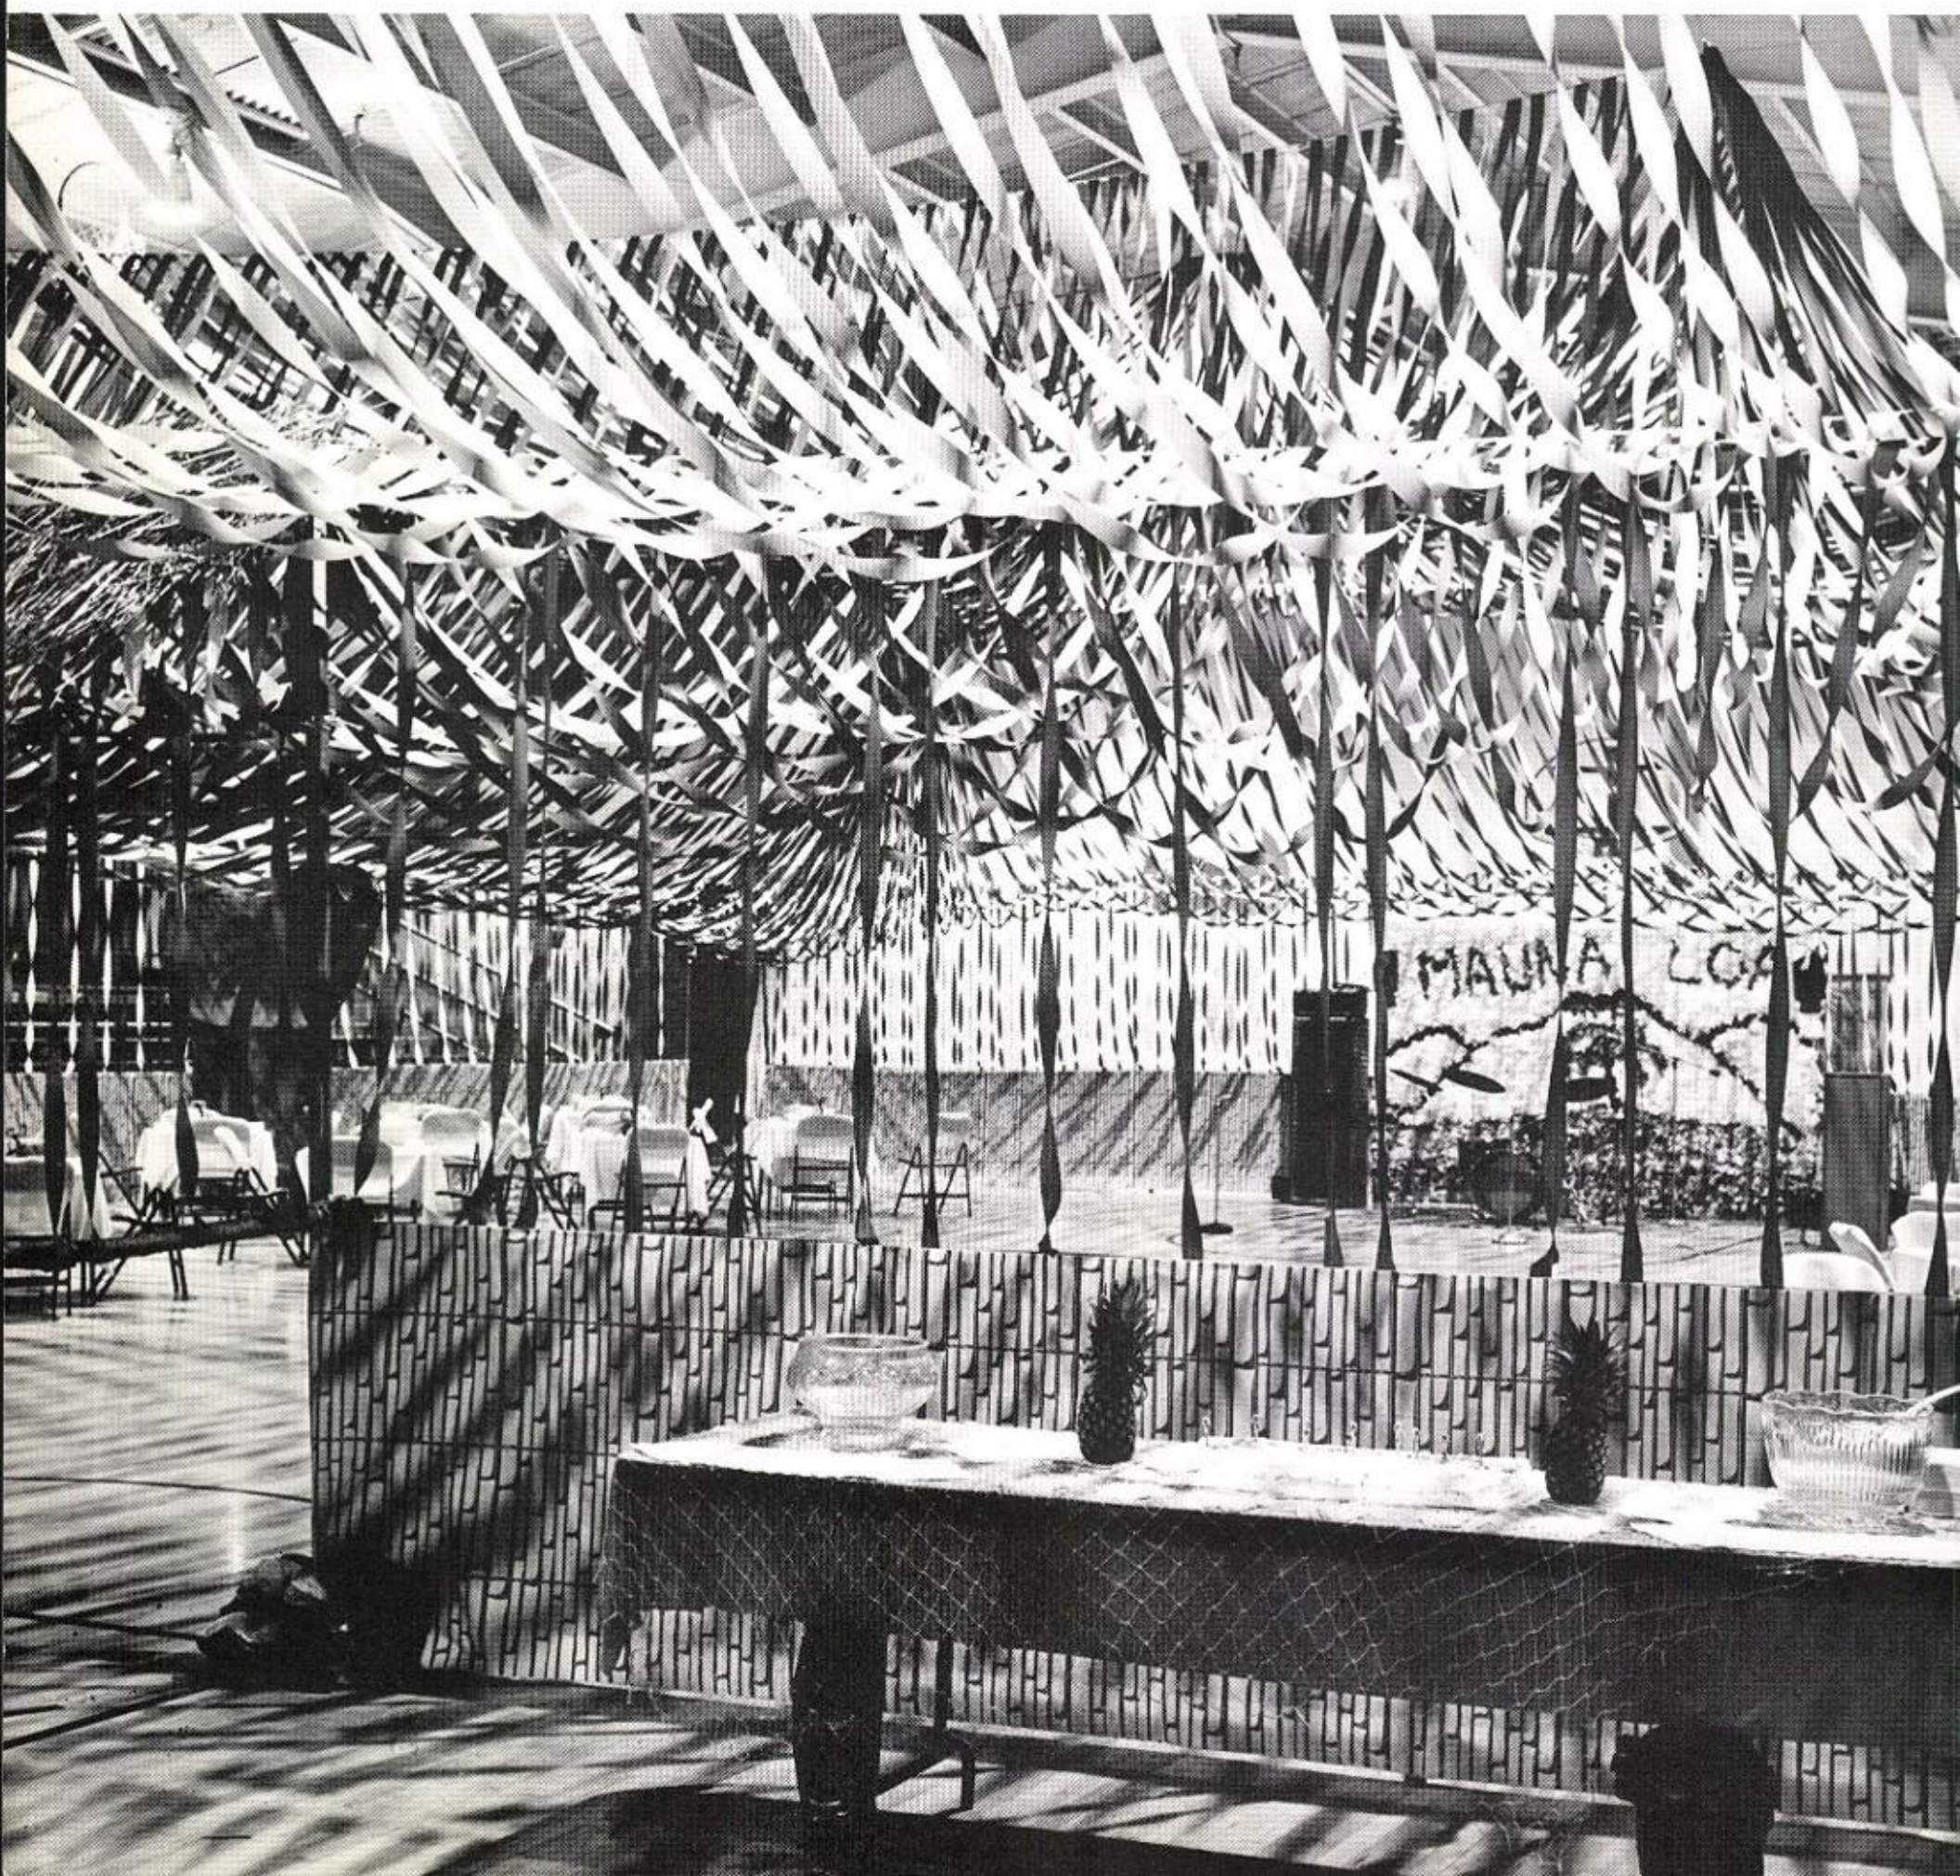
The 1968 Prom

"Mauna Loa" – A Touch of the

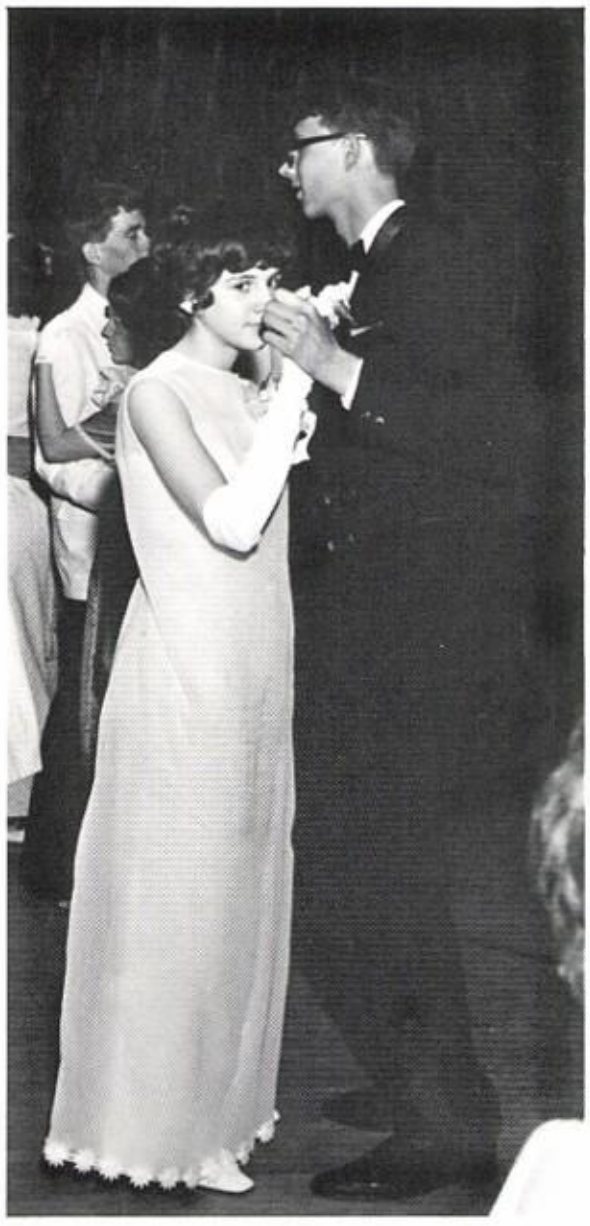


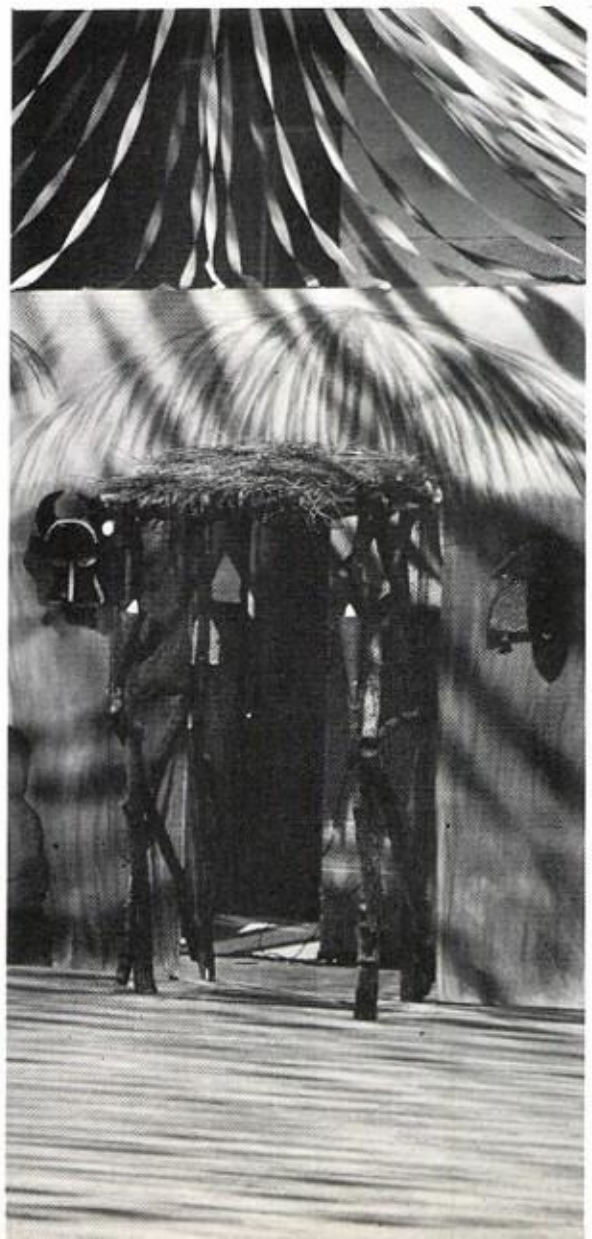
South Seas

The 1968 Prom—How well we remember our prom as juniors. After rejecting Babes in Toyland and The Old West as possible themes, we settled on a pacific island theme called "Mauna Loa", complete with a tropic jungle, a volcano, a bamboo hut, coconuts, palm trees, and a sunset on the ocean.

And what member of the class of '69 could possible forget twisting all those palm trees and stapling them on the coconuts, working on that celling, or all those chalk fights.

Most of all, we will always remember the prom itself, with the New Breed, the grand march, and the soul circle.





I don't believe it!

Stop, look, listen, We are the— Mighty Warriors

From the hush of the huddle to the excitement on the floor, the Warriors stand strong and tall in both offense and defense.

At far left: Charlie Johnson, our all-state wonder-worker, springs high above four defenders to drop in an easy two points–showing an example of his contribution to our great team.

Height and strength makes junior center, Scott Brothers, almost impossible to stop. His inside ability and rebounding talent make him a big asset, as illustrated in the two center pictures.

Shifty and deceptive senior playmaker, Gary Sarden, alone in the right hand corner puts one through for two.
